

Ontario Cancer Research Ethics Board N2/CAREB REB SOP Addendum

OCREB has adopted the N2/CAREB REB SOPs. However, in order to reflect specific OCREB requirements, this addendum must be used in tandem with the SOP noted below*.

N2/CAREB SOP 801 – Researcher Qualifications and Responsibilities

SOP Section	OCREB Addendum
5.1.2 If applicable, the Researcher must be a physician with a specialty qualification in their field and with current professional qualifications entitling them to provide health care under the applicable laws;	5.1.2 For clinical trials or research that is considered to be more than minimal risk , the Researcher (Centre PI) must be a physician with a specialty qualification in their field and with current professional qualifications entitling them to provide health care under the applicable laws. Additionally, <ul style="list-style-type: none"> There must be at least one appropriately qualified co-investigator or subinvestigator designated and supervised by the Researcher to perform critical trial-related procedure and/or to make important trial-related decisions on the Researcher’s behalf. The co-investigator must to be listed on the site personnel delegation log;
